You Are going to See A New look!

After twelve years, Omni International is changing our look. You will start to see our new logo (see above) and other physical changes as we go forward.

However, you will still have to deal with the same old folks at Omni who you have come to know and trust, because all of us realize that we are in a "people" business. We also just happen to manufacture and sell gloves. You will also, however, start to see a new face here and there to supplement all the work the Omni Team has been working on over the years.

In reflection, we have always strived to bring you the best possible products at the most competitive prices. To us, this means, the BEST VALUE. We will seldom be the lowest price because "quality" is a priority to us, to you and especially to your customer.

So as we continue to grow "together" remember that Omni motto..."Protecting People and Products".

Glove Business Can Be Fun!

Before you have the writer of this article committed to an asylum, remember that even though glove sales may seem to stagnate at your company, they are growing exponentially in many areas...maybe areas you are not selling.

In addition to the more traditional places like healthcare, food service and housekeeping, just take a look at the following businesses as you drive around your territory.

- Automotive
- Printing Business
- Sanitation
- Beauty and Barber Shops
- Toll booths
- Pet Stores
- And the list goes on

Do we make products for these markets? You bet we do. But it is you, our valued distribution network who sells to them.

Call your Omni representative at **888-999-6664** and ask how we can help grow your glove sales!
