

Vinyl Powder Free Examination Glove

This glove is made from the highest quality polyvinyl chloride material and formulation available. Our unique Comfort Formulation allows the glove to fit more comfortably to your hand than traditional vinyl gloves. The 412 Series is an excellent alternative to latex gloves and all of our gloves are produced with DOTP, a safe alternative to the harmful plasticizers found in other vinyl gloves. All of this adds up to a superior vinyl glove in quality, comfort and performance:
