

Disposable Protective Face Mask

Introducing the first in our new series of PPE products, our Disposable Protective Face Mask. The mask is a 3 layer, non-woven blue design with a 95% BFE. It is fluid resistant, however not designed for medical use. The adjustable PVC coated wire nose piece and ear loop style allows the best fit possible. Great for many uses.

Packaged 50 masks per box, 40 boxes per case (2,000 each).
