Non-Woven Isolation Gown

Introducing Omni's new Non-Woven Isolation Gown, this product is part of Omni's new and expanding line of Personal Protective Equipment. The OmniTrust™ Non-Woven Isolation Gowns are made of polypropylene providing comfort and breathability. It has elastic cuffs for added comfort and security and is a great fit for most sizes. This item would be ideal in a minimal protection required setting. Omni's OmniTrust™ Non-Woven Isolation Gown are non-sterile, single-use only items and are not intended to be used in a setting where high-level barrier protection is required.
