

## Blue Powder Free NuTouch Multi-Purpose Gloves

Introducing OmniShield's 632 Series Powder Free NuTouch Multi-Purpose Gloves. The NuTouch series gloves are made from a blend of Nitrile and Vinyl, making it a comfortable fitting glove at an economical price. This hybrid glove is a great choice for Food Service and Processing, General Purpose, Industrial and any other non-medical use. Our NuTouch glove is FDA compliant for food handling and is offered in two colors; blue and black. The Omni 632 Series Powder Free NuTouch Multi-Purpose glove is an elastic glove with unique shape memory and has a smooth finish for enhanced tactile sensitivity, making this glove a great choice for almost every application.
