Non-Woven Bouffant Cap

Introducing Omni's new Non-Woven Bouffant Caps, this product is part of Omni's new and expanding line of Personal Protective Equipment. The OmniTrust™ Bouffant Caps are made of Non-Woven Polypropylene providing comfort and breathability. They come with double-elastic for added comfort and security and is a great fit for most sizes. Omni's OmniTrust™ Bouffant Caps are non-sterile, single-use only items and are not intended to be used in a setting where high-level barrier protection is required.
