

Black Protective Face Mask

Introducing Omni's new Black Protective Face Mask! OmniShield's Black Disposable Protective Face Mask is another new addition to the ever-growing Omni PPE product line. The face mask is made from 100% non-woven polypropylene with three layer filtering and a BFE Rating of $\geq 95\%$. The adjustable nose piece, ear loops and mask pleating allows for ease of use, facial coverage and comfort for all users. OmniShield's Black Disposable Protective Face Mask is non-sterile, single use only, not made with natural rubber latex and is NOT designed for medical use.

Features and Benefits:

- Ear Loop • Three Ply Filtering • BFE $\geq 95\%$ • Metal Nose Strip
- Color: Black • Not Made with Natural Rubber Latex • Single Use Only
